

Code Red Emergency Alert System

Brimfield Township Trustees recently signed an agreement with Code Red Emergency Alert System to provide a high-speed telephone emergency alerting system for township residents and businesses. Read the entire article on Code Red for additional information about the system. Code Red maintains a web page for each community served that allows residents and businesses to directly add their telephone number as well as a secondary cell-phone number and TDD/TTY requirements. To ensure that your telephone number is in our data base, click on the Code Red link located on this page.

Code Red Weather Warning

Sign up today to receive Code Red Weather Warning on your home phone and/or your cell phone. This service is available to Brimfield Township residents at no cost. Code Red Weather Warning is linked to the National Weather Service and will deliver severe weather warnings to residents and businesses in the projected path of severe weather. This service is optional and you must sign up to receive these warnings. Read the entire article on Code Red for additional information about the system. Click on the Code Red link located on this page and look for Code Red Weather Warning.
